## Sea Kayaking & Picnic Lunch on the Beach

The coast surrounding Paphos is simply perfect for sea kayaking. Ship wrecks, sea caves, cliffs, remote isolated coves, surf and amazing geology. This is an exciting and dramatic way to explore the area and a great way to keep cool. We launch from a hidden beach near to the Akamas Park and start by going through basics to make sure everyone can control their boat safely while having fun. We head along the rocky coast to an area of amazing limestone erosion that has formed caves, stacks and arches and we paddle right in to several caves. These are only accessible by kayak so we will have them pretty much to ourselves! We look for fossils, jump from rocks and have great fun! After the caves we head further along the coast to explore towering cliffs before stopping for a break at a secluded beach. If conditions permit we explore more caves or visit the wreck of the Edro III before heading off shore into deep water to pass an uninhabited island. During the day our professional photographer will take plenty of action shots of you all. We then head back to the beach where you will have a tasty picnic lunch with drinks under a gazebo and a relaxing dip in the sea

**Minimum age 12, group 4+, suitable for all levels of experience. Subject to sea conditions.**

**Price €74pp**

**Free transport to and from your hotel**

**1/2 day Kayaking with instructor**

**Professional photographs**

**Beach picnic with drinks and swim**
