ORDERING AND PAYMENT

HOW TO ORDER

You can place an order by emailing us at info@bestweddingbanners.com or by completing the order form on our website [here](#)

Please give us as much notice as you can when ordering as items do take a while to design and print and we are very busy during the peak wedding season. Order in the winter if you can so that any orders for items not in stock can be placed and design work can be carried out during the off-peak season. Help to speed up the ordering process by specifying the order code of the items you would like, the colours, any bespoke wording

NOT IN THE BROCHURE?

If you would like something specific but you can't see it on the website or in the brochure then please ask! We are coming up with new ideas and items all the time, and we are always willing to make something new. We have a wide range of different printers, materials, a heat press, laser cutter, ribbon printer, wax stamps, and a huge stock of paper and card in a range of colours so there are many different items we can design and make for you. We love coming up with new ideas and designs and we are always ready for a new challenge.

PAYMENT

You will be invoiced for 50% of the total cost on confirmation of the order if the wedding is more than 3 months away. The full amount will be charged for weddings less than 3 months away. No design work will be started until a payment has been made. We accept payment by PayPal Business, Wise or bank transfer into our Cyprus company bank

account. PayPal charges us over 3.5% fee on all payments made so to cover some of this cost we add 2% to the price. All prices quoted include Cyprus Vat at 19%.

DELIVERY

Delivery to your hotel, venue or Wedding Planner is free of charge in Paphos for orders over 30 Euros. For small orders in Paphos there is a delivery charge of 6 Euros.

Delivery to other areas is made by courier and deliver charges will apply - these are normally 8-10 Euros.

BEFORE THE BIG DAY

Some thoughtful gifts for your wedding guests, plus a little bit of fun for the wedding morning!

Personalised hangers are lovely for the bridal party and the dresses deserve a nice hanger. They look great in the bridal preparation photos too! Our lovely welcome packs show that you really appreciate that people have travelled a long way to come to your wedding, why not arrange for them to be put in their hotel room for their arrival. The packs contain a door hanger for the morning after the night before, a welcome tag, and an order of service all in a co-ordinating holder. Minimum order 6 packs. Door hangers for the bride and groom are a bit of fun, and also help the photographer, wedding planner, hairdresser etc find your room too.

Bridesmaids Bags & Boxes

You may want to give something extra special to your bridesmaids, flower girls/boys and maybe the Mother of the Bride as well. These are normally presented whilst you are getting ready and make for great photos too.

Bridesmaid bags contain a hanger, personalised glass, Prosecco & personalised mirror, boxes contain a personalised glass, Prosecco, personalised mirror and small bag. Flower girl/boy bags contain an activity book with pencils or crayons, a personalised drinks bottle and filled sweet jar.

WEDDING FAVOURS & GIFTS

Wedding favours are regarded as a modern tradition, but in fact they have developed over many centuries. They were first known as 'Bonbonnieres' and were given to guests as a symbol of good luck, originally sugar cubes were given as a sign of wealth as sugar was very expensive. Over time sugar became more affordable, so they were replaced by sugar coated almonds. Today the tradition continues as couples like to give their guests a small gift as a sign of appreciation for

taking the time and trouble to attend the wedding, particularly if it is abroad, and of course they make your reception tables look great too!

I am sure have all been to weddings where the favours are left on the table at the end of the night. This doesn't happen with our favours, as we try to make sure that they can either be used during the ceremony, eaten, drunk, used to keep children amused or taken home as a useful souvenir of your wedding day.

On the following pages you can see a selection of our standard designs but we are happy to personalise items to your requirements. If you want something but can't see it here, then please ask, we have a lot of different equipment which enables us to make a wide range of different items. Many of the items shown are permanently printed onto a variety of substrates including metal, glass, ceramics, fabric and slate using our specialist sublimation printing equipment where a design is applied to an item at very high temperature using a heat or mug press. There is a huge range of items that can be

printed in this way, including mugs, jigsaw puzzles, jewellery, bags, backpacks, aprons, slippers, mouse mats, umbrellas, coasters, bottle openers, dressing gowns and many more. They are too many to show in the brochure so please ask if you would like something special.

Making memories of a wonderful day

ALL THINGS DRINK RELATED!

Drinks and glasses are very popular favours and they look great on the tables. We can supply miniature bottles of Prosecco in a variety of colours, with a personalised tag, ribbon and drinking straw. Please specify rose gold, gold or green bottles when ordering. For those that prefer the hard stuff there are plenty of different spirits miniatures which are supplied with ribbon and tag, and for the guys we can add a cigar too! Prices vary depending on the type of alcohol.

Printed shot glasses are a very popular gift and can be teamed with a spirit miniature, or you can give the wedding party a personalised glass so there are plenty of different options.
