WELCOME TO BEST WEDDING BANNERS

For all your wedding stationery and favours
OUR STORY

A very warm welcome to Best Wedding Banners and to our updated 2024 brochure. We are a family run business and have been operating in the wedding industry in Cyprus since 2006, offering beautiful professionally designed and printed welcome signs & table plans, acrylic signage, table stationery and wedding favours to add the perfect finishing touches to your wedding day on the beautiful sunny island of Cyprus.

We want your wedding day to be perfect and look beautiful. The decorations, colour scheme, favours, gifts & stationery are an important part of your day & we can assist in designing and making these items for you. We deliver around Cyprus, thus saving your valuable luggage space!

OUR DESIGNS

We have a big range of standard designs to choose from and are pleased to offer a bespoke design service to create items to your personal specifications. We work with brides directly, plus many of the wedding planners in Cyprus, who refer their couples to us.

Our range of designs are also shown on our website www.bestweddingbanners.com, please check here too as we add new designs all the time which may not be in the brochure.

2023 WAS SUPER BUSY!

2023 REVIEW

We have had yet another madly busy year creating thousands of items for all you lovely couples who get married in Cyprus, thank you so much for your orders and for helping a small family business. Yet again we have been flat out from April to November, our biggest seller has been those ever popular acrylic signs, I have lost count of the number of table plans and welcome signs we have made.

WHAT IS NEW FOR 2024

We still have two brochures, this one contains all our printed signs and stationery, and our Extra Touches brochure showcases all of our wedding favours and gifts. We have some lovely new designs for our signs and stationery and some new favours and gifts too. We are trialling black acrylic for place cards, and have also come up with some new designs for combined menus and place cards which look very stylish on your reception tables.

Please place your orders as early as you can so that we can schedule them

in as this year we ended up with so many last minute orders that we were working 7 days a week to try to keep up with the demand! Don't worry if you haven't finally chosen the design that you want, or don't have final guest numbers yet - these details can be added later, the important thing is to get the order in our order book so we can start the design work and schedule our work load. If there is anything that you would like that that we don't have then please ask, we are pretty versatile and like to make new and different items.

Stylish!.

A photograph of a bride and groom walking away from the camera on a paved path through a wooded area. The groom is on the left, wearing a white shirt, a dark vest, and light-colored trousers. The bride is on the right, wearing a white wedding dress with a long train and a veil. The path is lined with trees, and the background shows a green lawn and more trees under a bright sky.

“I love her and
that’s the
beginning and end
of everything”

Orders under 30 Euros in Paphos will incur a delivery charge.

ORDERING AND PAYMENT

HOW TO ORDER

You can place an order by emailing us at info@bestweddingbanners.com or by completing the order form on our website [here](#)

Please give us as much notice as you can when ordering as items do take a while to design and print and we are very busy during the peak wedding season. Order in the winter if you can so the design work can be carried out during the off-peak season. Help to speed up the ordering process by specifying the order code of the items you would like, the colours, any bespoke wording and lists of guest names and table names or numbers for table plans. If you would like a bespoke design provide as much detail as you can, we reserve a right to charge a design fee for complex items.

NOT IN THE BROCHURE?

If you would like something specific but you can't see it on the website or in the brochure then please ask! We are coming up with new ideas and items all the time, and we are always willing to make something new. We have a wide range of different printers, materials, a heat press, laser cutter, ribbon printer, wax stamps, white printer, sublimation printer and a huge stock of paper and card in a range of colours so there are

many different items we can design and make for you. We love coming up with new ideas and designs and we are always ready for a new challenge.

PAYMENT

You will be invoiced for 50% of the total cost on confirmation of the order but if you order close to the wedding date we will charge the full price. No design work will be started until the deposit has been paid. We accept payment by PayPal Business, Wise or bank transfer into our Cyprus company bank account. PayPal charges us a 3.5% fee on all payments made so to cover some of this cost we add 2.5% to the price. All prices quoted include Cyprus Vat at

19%.

PROOFS

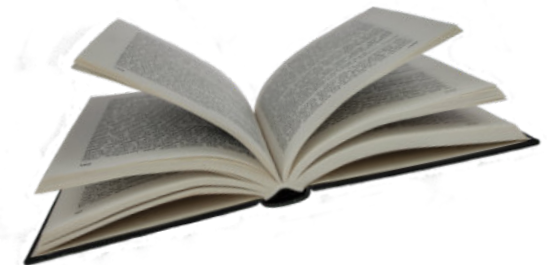

You will be sent proofs by email for all designs for your approval before anything is printed. This also applies if your order has been placed via your Wedding Planner or venue.

DELIVERY

Delivery to your hotel, venue or Wedding Planner is free of charge in Paphos for orders over 30 Euros. Delivery to other areas is made by courier and delivery charges will apply - these are normally 8-10 Euros.

INTRODUCTION TO OUR RANGE

WHAT CAN WE MAKE?

SIGNS & TABLE PLANS

Our signs and plans are professionally printed on sturdy PVC board and are ideal for displaying on an easel or easel or inside a flower frame. You can choose to have either matt or gloss print - by default we print matt by default.

They come in 3 sizes standard sizes:-

A3 - 29,7cm x 42cm

A2 - 42cm x 59,45cm

A1 - 59.4cm x 84.1cm.

A3 signs can also be printed on card if it is to be mounted in a frame.

We can print non-standard sizes and shapes on request. All signs can be printed in either

portrait or landscape orientation, although bear in mind that some designs only work well in one format.

TABLE STATIONERY

Place cards, menus, card table numbers, tags and paddle fans are printed on high quality linen grain or textured heavy card. If you have a frame for your table numbers they can be made to fit the frame. These items can be cut to any shape you like, and can be embellished with tassels, string, ribbon, wax stamps, bows, paper flowers etc if you would like to add small decorative features to any of these items.

OUR DESIGNS

Over the next few pages you can see examples of our standard designs, but if you would like a bespoke design please ask, as we can design something to your requirements, and we can incorporate photos into designs if you wish.

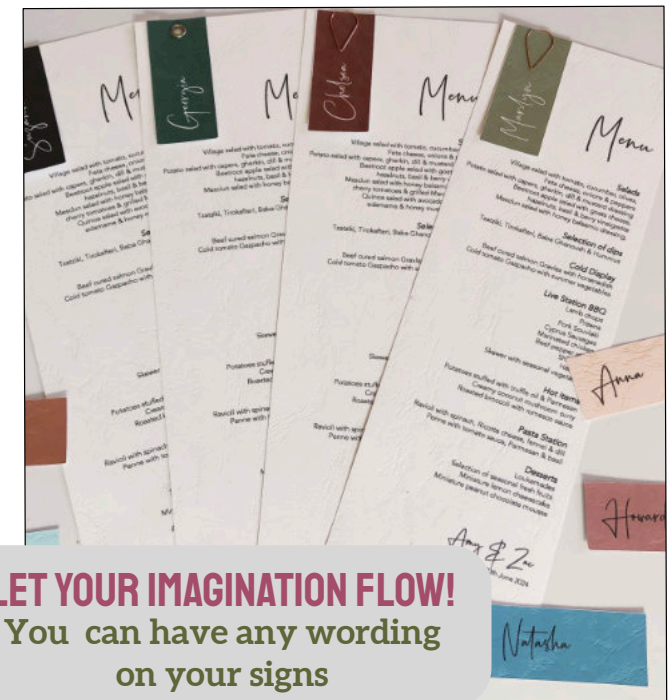

Page 8

CHANGES TO STANDARD DESIGN

The colours can be changed on most of our standard designs free of charge to match your theme, and of course all wording can be changed to suit your requirements.

NEW IDEAS

We are always open to new ideas and love adding to our range, so if you would like something specific but can't see it on the website or in the brochure please just ask, and if we are able to make it we will be pleased to do so.

LET YOUR IMAGINATION FLOW!
You can have any wording on your signs

STATIONERY SHAPES & TYPES

We have expanded the range of stationery shapes and types, there is no law that says place cards must be the standard tented type! They can be cut into virtually any shape or size. The same applies to menus too! We can also now print white ink onto dark card or add metallic foil, so this gives you some further options. There are endless possibilities with shapes and colours for your table stationery, a few examples are shown here, but please ask if you would like something specific that isn't shown and we will be happy to make it for you. The special shapes do cost a little more as they have to be put through the cutting machine after printing, and the foiled menus have to have heat applied - these techniques all take a little longer to make.

Various place card shapes

Tag place cards with tassels

Combined menu & place card

Place card attached with belly band

Arch shaped menu - white printing

STATIONERY SHAPES & TYPES

Some of our newer designs are shown here, the menu and place card combination is very popular, and can be done in a variety of ways. The ones on the left can be joined by a gold clip or alternatively joined with a rivet - these come in a variety of different colours.

The arched table numbers look great with an arched welcome sign and table plan and you can have the menu printed on the other side too.

SOME MENU & PLACE CARD IDEAS

Shown below are some different options for menus and place cards. The menus on the left in each photo are foiled - gold foil on the black card and silver foil on the green card. The centre menus are black print on white card, and the right hand menus are dark card with white printing. These can be teamed with place cards in a variety of colours, either toning or complimenting the menus.

There are many possible combinations of shapes, colours and printing methods, we can embellish the item with tassels, bows, flowers and also add wax stamps as well. We have shown some ideas here but please ask if you have a specific requirement and we will be pleased to make something unique for you.

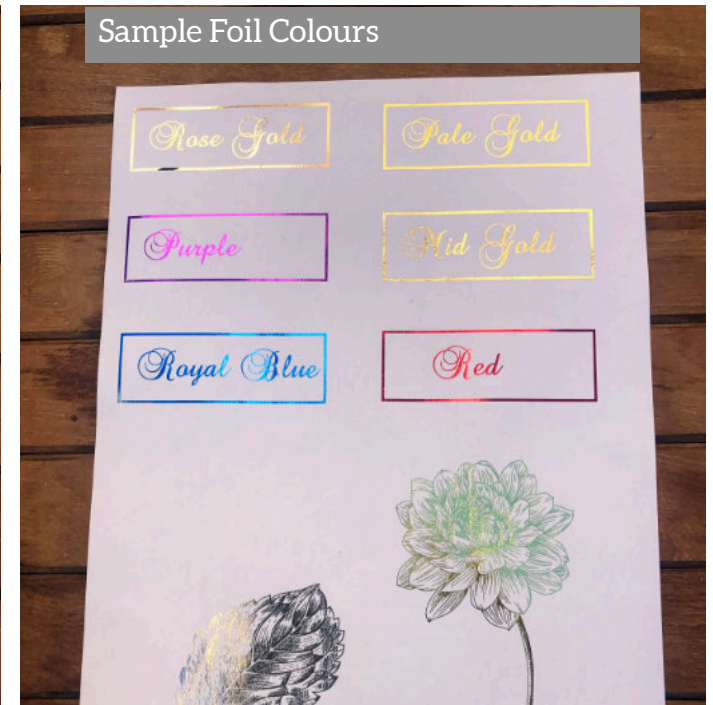

METALLIC FOILED STATIONERY

Foiling is a new technique for us, but it looks stunning. It is the application of a metal foil onto card using heat & resulting in shiny metallic lettering and designs which can be used for place cards, table numbers & menus, to add a touch of class to your wedding tables.

We have both silver & gold foil in stock but it is available in a range of other colours too. so if you would like a different colour please ask, & give us several weeks notice as we have to import the foil from the UK, and the actual foiling process is quite slow as it is fairly labour intensive.

The photos below show some samples colours, it is possible to print text plus any image.

ACRYLIC SIGNS

Acrylic signs have been amazingly popular for the last two years & we expect that trend to continue. The acrylic is cut by laser so has a perfectly smooth edge, and can be cut to any shape or design and we can also supply frosted acrylic too. We apply laser cut vinyl lettering or images in a variety of fonts and colours including black, white, royal blue, charcoal, shiny gold & silver, matt gold & silver, plus rose gold & copper. Other colours are also available. The back of the sign can be painted in a colour wash if you wish. Don't just think square or oblong, our round and hexagonal place names & signs are also very popular. Each sign is designed to your requirements, these photos show examples of signs previously made for brides.

MIRROR & CARD TABLE PLANS

We can put your table plan onto a large mirror - this is only available for couples using Marry Me Cyprus to provide their décor as they provide the mirrors. The letters are laser cut from vinyl and applied to the mirror - white lettering works best.

Some couples still prefer a traditional card style table plan which can be mounted onto a board or inside a frame, here we show a few examples of previously made ones.

PRICES

Prices for the card table plans start from 30 Euros and are dependent upon the number of cards and the style required.

Mirror table plan prices are based upon the number of guests.
